TalentSource

The Invisible Reality Behind Process Automation

Exclusive to your organization

Live virtual consultation with TS (TalentSource) hands-on Process Automation experts

We will discuss the right strategy and underlining issues to make sure your automation initiative sustainable for long term

- How to start an internal process automation?
- How much you're ready to pay?
- Rol comes first! - Not later
- Automation is not the original IT or just an engineering exercise, its way beyond it
- RPA can be a perfect short term small to medium scale solution, but long-term and big scale is totally a different story
- The need to an ACE (ACE to DACE)

A session dedicated to only your organization:

- For mid up to top level management
- Has started Process Automation (RPA), Ideally at the initial or middle stage of implementation
- Two hours live consultation session over video conferencing (Time will be agreed upon)
- It's an exclusive only for your organization or you as professional management
- Consultation with hands-on experts on Process Automation/ RPA in Indonesia corporate environment
- Up to maximum 15 participants from the same corporation

Fee: IDR 5 million for 2 hour session

(50% will be allocated for students/ young talents free internship program at TS, learning digital hard and soft skills)
